Who likes to party more than me?
Who likes to sniff that coke until they bleed?

There are no sluts on the bus. The herpes on his lips
are dripping puss

Vince Neil get the hell away from me

You got me drunk on G.H.B.

You can shout at the devil and I will kick his ass

Motley Crue is dead it's so funny I forgot to laugh

He wants to be a millionaire. We had a fight last night
about his hair

I'm a skank and he's a star. Try not to kill me inside
your car
