Step inside

Choose your path, it's time to stand

Fuck your pride

Paralyzed, (you're) less of a man

Hollow words

You're no threat

Engage you with fear

No return

Made your bed

The end is near

Your words compromised your fate

I will now decide your life

Question my ability, animosity, to inflict this pain

Suffer an eternity, no apologies, you will die today

Closure for the words you speak, you've become the weak,

Feeding time has come, hatred is a gift from me,

Bleeding in defeat, nowhere to run

Close your eyes

Release life, the darkness will fall

Hear no cries

Feel my my knife your back to the wall

Your words compromised your fate

I will now decide your life

Question my ability, animosity, to inflict this pain

Suffer an eternity, no apologies, you will die today

Closure for the words you speak, you've become the weak,

Feeding time has come, hatred is a gift from me,

Bleeding in defeat, nowhere to run

Step inside

Choose your path, it's time to stand

Fuck your pride

Paralyzed, (you're) less of a man

Question my ability, animosity, to inflict this pain
Suffer an eternity, no apologies, you will die today
Closure for the words you speak, you've become the
weak,
Feeding time has come, hatred is a gift from me,
Bleeding in defeat, nowhere to run
