Two T.E.N.Ss, one hundred and two Rock H Designs
We put them in this room with this sex machine and
started breeding
They claimed that the woods not right so the painted
bright and it changed the equation
They worked for years till they got this equation right
and then it stopped breeding

Say it's not the loneliness
This one's to the lies
And this ones for the absentess now in my life
They say that it's not the worst thing

Two T.E.N.Ss but I'm still confused so I change to
elevens
Now I just count these questions asked about why
these things would ever happen

Say it's not the loneliness
This one's to the lies
And this ones for the absentess now in my life
They say that it's not the worst thing that lives in our
minds
But I can't get dressed up anymore.

Two T.E.N.Ss, one hundred and two Rock H Designs
We put them in this room with this sex machine and
started breeding
