I have been sitting in my house for weeks  
Pairing words like villain with you face and finding a  
perfect match

I have never been so afraid as I am for you  
What make you think that I would let you get away with  
this?  
What make you think that I would forget?  
What make you think that I would pretend this never  
happened  
And go on acting like things had not changed?

I have just been biding my time  
Sharpening my axe  
And learning your every move  
You'll never see it coming
