From ahead the thunder roars  
Below- the raging waves of sea  
In the blackend sky  
He's bound to carry on  
Into the source of desperate pleas

He hears the call  
To carry on  
Into the dark horizon

In his heart burns the fire of the dawn  
And in his veins the ancient blood  
He is the child reborn from the flames  
He holds the destiny of all

He sees it all  
In the horizon  
The endless shores of Avalon

To relight the world again  
He dives to the dragon's den

Avalon-Shine your light to the heart of darkness  
Cary on- Through the raging fire  
Avalon- Bring peace to the world of madness  
Cary on- The flames are burning higher

In the heart of the darkest den  
Lies the serpent's lair  
The temple of chaos and dismay  
The source of all despair

He fights them all  
A flaming sword  
Slaying the cursed horde

The flames rise up to the sky  
As the serpent's fire up strikes

Avalon-Shine your light to the heart of darkness  
Cary on- Through the raging fire  
Avalon- Bring peace to the world of madness

Cary on- The flames are burning higher

Avalon-Shine your light to the heart of darkness

Cary on- Through the raging fire

Avalon- Bring peace to the world of madness

Cary on- The flames are burning higher
