My dreams never lasted long enough to feel alright
maybe tomorrow I wont wake up again
shake me so I can tell you I'm still breathing but I'm lost
I haven't given up just yet...
your eyes blind me...

never again will I see you the way I did last September,
every night
never again will I see you the way I did last September,
every night
I cross my heart and hope to die take your picture from
my mind and maybe this will be over.
I cross my heart and hope to die take your picture from
my mind and maybe this will be over.

chew up the pieces of my heart
now I am right back where I started from.
I tried again, yeah I tried and I failed....
break me up again...
I think I wish I hope I try to make it just one more night
without you, without you...
I think I wish I hope I try to make it just one more night
without you, without you...

I cross my heart and hope to die and stick a needle in
my eye
I cross my heart and hope to die and stick a needle in
my eye
