What are these voices
Calling me?
I try to breathe gently
But they won't let me be
[x3]

Sometimes the rain washes the pain away
But there are some games mixed with these flames
They want to get inside your brain when I'm gone
But it doesn't mean anything either way
Again and again and again

What are these voices
Calling me?
I try to breathe gently
But they won't let me be
[x3]

Sometimes the fear is mixed with the queer delight
But cast all your lift into a sea of light
It knows you better than you know yourself
And it replaces this feeling with love
Again and again and again and again...

You break down and you go, go, go, go
You break down and you go, go, go, go
You break down and you go, go, go, go
You break down and you go, go, go, go

I'm not gonna listen
Not gonna wait

I'm not gonna listen
Not gonna wait

What are these voices
Calling me?
I try to breathe gently
But they won't let me be
[x3]
