Silje Nergaard - Faces

Funny faces, pretty faces
faces everywhere I go
faces that reminds me of other faces
faces that I'll never know
Well, I get along with me very vell
I'm perfect company
Now I'm on my way again -
I'm wild and free!

The crowded streetis thrilling me
watch out - look left and right
it's like going to the movies for free
Hey, look at that handsome guy -
I'm just a curious girl
looking everywhere
Always kind of looking for something -

O. O. O. -
Alone together - we're all alone
O. O., in this whole big crowd
alone together - we're all alone

Some people like me
The're easy to read -
They've got faces like an open book
Others walk around
with only their headlines written down
Afraid to let a stranger through
Ah, who are you?

Funny faces, pretty faces
happy faces, serious faces
smiling faces, dreaming faces
angry faces, curious faces

A beggar around the corner
Girl in high-healed shoes
Well, it's a kind of good to be alone -

Some people like me
The're easy to read -
They've got faces like an open book
Others walk around
with only their headlines written down
Afraid to let a stranger through
Ah, who are you?
