Silje Nergaard - For All We Know

Sweetheart the night is growing cold
Sweetheart my love is still untold
A kiss that is never tasted
Forever and ever is wasted

For all we know we may never meet again
Before you go make these moments sweet again
We won't say goodnight until the last minute
I hold out my hand and my heart will be in it
For all we know this may only be a dream
We come and go like a ripple on a stream
So love me tonight tomorrow is made the first some
Tomorrow may never come for all we know

Sweetheart the night is growing cold
Sweetheart my love is still untold
A kiss that is never tasted
Forever and ever is wasted

For all we know we may never meet again
Before you go make these moments sweet again
We won't say goodnight until the last minute
I hold out my hand and my heart will be in it
For all we know this may only be a dream
We come and go like a ripple on a stream
So love me tonight tomorrow is made the first some
Tomorrow may never come for all we know
