Silje Nergaard - Out Of Sight

Long before I open up my eyes  
I felt the heavy daim was coming on  
The outside my window let in skies  
Feel the space where once I  
The wind is howing long it's just a breeze  
Bending me in all it's in its ways  
It breaks my will and brings me to my knees  
Tells me I can't take another day

You're out of sight not out of mind  
Survive the night only to find  
You're out of sight not out of mind  
You help me see then rob me blind

The summer stain that brings me winter's frost  
The seasons are a woman time stands still  
I search for something that has nothing lost  
To help me climb this neverending hill  
I wonder if through limes can cold in bear  
Ehere all that I once knew had turned to stone  
There is no living thing to hold me there  
No voice to tell me I'm not alone

You're out of sight not out of mind  
Survive the night only to find  
You're out of sight not out of mind  
You help me see then rob me blind...
