Silje Nergaard - The middle of love

Can I get closer  
He wants to see me close to you  
can I come over  
he seems to know my heart will be true

I'm in the middle of love again  
I'm in the middle of love again  
I'm right in the middle of again  
I'm in the middle of love -

His heart is older  
and you and I can dance so free  
But when I hold you  
he's still inside I follow his lead

I'm in the middle of love again  
I'm in the middle of love again  
I'm right in the middle of again  
I'm in the middle of love

I've been rolling on your ocean  
and I've been holding on to land  
I could sail with you forever  
but I need this gentle guiding hand

His indecision  
got both your faces upon the wall  
This double vision I should call -

The last time you were here  
I kept holding on to  
thinking about him every night and day  
and the last time he was ere  
there you were -  
a red and yellow paperairplane  
flying through the air....

I'm in the middle of love again  
I'm in the middle of love again

I'm right in the middle of again  
I'm in the middle of love
