ocean water, turn it into
there ain't no other who can do like you
because you want it
yeah, you want it...
ocean water, turn in blue
i wish i could be just like you
because you want it
yeah, you want it like i do...
rivers are flowing to the sea
wish you could be just like me
because i want it
yeah, i want it
birds are flying in the sky
wish you'd love me till i'll die
because i want it
yeah, i want it just for you
all i want is to
feeling loved by you
there ain't no one who feels
not like i do
she's my baby and i know
