Fuel my chest with hate and fear
Danny shot himself cause he didn' t wanna hear
Another story about succeeding in life
I need another plastic surgery
Prepare the world to welcome me
I' m the candy coated irony
Â
Take me home, take me home
Take me to my dream

I' m on my knees for you
You know I' m dying, dying to-
Marry me, marry me
I' m pleading you
I' m on my knees for you You know I' m dying to-
Marry me, marry me

Â
Rip my heart out for the cover story
Prostitute for my morning glory
Jennie, Jennie, tell me how could you love me?
I' m in another drastic vacancy
In a land of holy western harmony
Please shoot me up so I can enter me
Â
Take me home, take me home
Take me to my dream

I' m on my knees for you
I' m dying, dying to-
Marry me, marry me I' m pleading you
I' m on my knees for you
You know I' m dying to-
Marry me, marry me
Or bury me
