Starry night, sunny days  
I always thought that love should be that way  
Then comes a time that you're really in doubt  
You've loved all you can and now you're all loved out  
Ooo baby we've been a long long way  
And who's to say were we'll be tomorrow  
Well my heart says no  
But my mind says it's so  
We've got a love  
Is it a love to stay

Chorus  
We've got a wham bam shang-a-lang and a sha-la-la-la  
baby (x2)

Looking at you I wanted to say  
I think a little emotion goes a long long way  
Careful now don't get caught in no dreams  
Look out baby this is not what it seems  
Ooo baby you've been so good to me.

But Please don't make it what it's not.  
Well, I thought we agreed on what we need  
so listen to me I'll tell you what we got

we got to Wham Bam Shang a lang and sha la la la (x2)

I think you're seeing what I've been saying, cause I  
hear you

singing to the tune I am playing  
Now that it's been said and we both understand, lets  
say our

goodbyes before it gets out of hand  
Bye Bye , Baby I really loved to stay  
but we'll remember the best Times in our Lives

We Got to wham bam shang a lang and sha la la la la  
(repeat to

fade)
