A starry night, the moon is bright  
And we're alone together

A lonely peace have strung the beach  
Life couldn't be much better  
Is it real what I feel?

Ain't it like a Hollywood movie  
Ain't it like a Hollywood moivie

I'm in your arms so safe and warm  
And we're alone together

I close my eyes and realize  
Love will be here forever  
Is it real what I feel?

Ain't it like a Hollywood movie  
Ain't it like a Hollywood movie

Ain't it like a Hollywood movie  
Ain't it like a Hollywood movie

Ain't it like a Hollywood movie  
Ain't it like a Hollywood movie  
Ain't it like a Hollywood movie  
Ain't it like a Hollywood movie  
Ain't it like a Hollywood movie
