Dreaming
I'm only dreaming
Dreaming my troubles away

La la la la la la la la la la
La la la la la la
La la la la la la la la la la
La la la la la la

Leaving in the land of make believe
Walking through the castles in the air
Leaving in the land of make believe
And so please, let me be

La la la la la la la la la la
La la la la la la
La la la la la la la la la la
La la la la la la

Leaving in the land of make believe
Walking through the castles in the air
Leaving in the land of make believe
And so please, let me be

I don't wanna see
That the world is a madhouse, yeahh
The world is a madhouse, yeahhh
The world is a madhouse, yeahhh
The world is a madhouse, yeahhh
The world is a madhouse, yeahhh
The world is a madhouse, yeahhh
