Whoa whoa whoa whoa
Thank you mister DJ
Your sweet music
Made me fall in love
Once again I'm dancing
While the lights are shining

And so thank you mister DJ
That's the night
That I've been waiting for
So mister DJ play your melody once more

Whoa whoa whoa whoa
Thank you mister DJ
Your sweet music
Made my dreams come true
While you played your love song
He was whispering that he lost me too

Thank you mister DJ
From now on
My life won't be the same
So mister DJ play your music once again

Thank you
Thank you
Thank you, mister DJ
