This is a game that I can't win,
I ran out of luck today,
I called in sick this time,
I had to draw the line somewhere,
So I would not get hurt,
When you would let me go

Welcome to the journey of the deserter,
A journey to nowhere,
Headlights on and mirror down...

All I am, is all I've been,
And lately I've been up to nothing much...
Worth mentioning

This year has passed me by,
And somehow it feels like,
I slept through seasons like I
Would sleep through cold winters if I could

Someday it's gonna be better,
Someday it will be all right,
Someday it's gonna be better,
But not tonight...

All I am, is all I've been,
And lately I've been up to nothing much...
Worth mentioning

The planets are aligned,
Against a backlit velvet sky,
And I just look at stars, the way I'd look at you, if you
would be around...

Someday it's gonna be better,
Someday it will be all right,
Someday it's gonna be better,
But not tonight...

All I am, is all I've been,
And lately I've been up to nothing much...

Worth mentioning

Someday it's gonna be better...
Someday it will be all right...
Someday it's gonna be better...
But not tonight...

All I am, is all I've been,
And lately I've been up to nothing much...
Worth mentioning
