You've cast these scars across my face
You can't bring me down
You think I'll never be the same

And i don't know what's wrong with me
I wanted to be all the things you need
All the things you need

And now I'm standing here alone
I'm waiting for it all to come and go
All to come and go

Maybe I just have to let it go

Make it up, Make it up
when you're not around
Break it up, Break it up
can't you hear the sound of the sun
rising from the ground

Make it up, Make it up
when you're not around
Break it up, Break it up
Do you always want to be the one
running from yourself

And nothing's ever as it seems
When all your dreams exist in memories
exist in memories

And all the trama takes it's toll
I dont' remember all our common goals
All our common goals

Maybe you just have to let me know

It's not you I'm afraid of
But I'm not scared of myself
You'll lie with or without me
You'll never need my help
