Shooting daggers at me  
letting it known you're not impressed  
I never fail at failing all your tests  
Don't be so proud  
Cause you're still so scared to be alone  
And you can't change your mind

You won't embrace this  
But you'll accept this  
You can't let go

Broken stars,  
By a single shattered mirror  
Seven years of trust  
I know you'll never change for anyone  
A cold heart never lusts

My mind's made up  
And I would know I'd do the right thing  
Get up and stand tall!  
My mind's made up  
Why am I scared? I won't be able  
To get up when I fall

We cast a single shadow for so long now  
It's so hard to see the sun at all (the sun at all)  
But you need light to see  
The lighting on the wall

My mind's made up  
And I would know I'd do the right thing  
Get up and stand tall!  
My mind's made up  
Why am I scared? I won't be able  
To get up when I fall

Into the hole I've made  
I place myself alone  
I'll find the strength within myself  
To climb out on my own, own!

My mind's made up (made up)

And I would know I'd do the right thing  
Get up and stand tall!  
My mind's made up (made up)  
Why am I scared? I won't be able  
To get up when I fall

Yeah!

These broken stars  
Should be brought back up in the sky  
I still can't feel your scars!  
I won't, I won't let you die!  
We won't, we won't fade away!  
And now, right now,  
Save this lonely place!
