Your life lives half a nation away, my heart hurts so
I believe letting you go was the biggest mistake of my
life

What did I do? Alone and confused
What can I say? What can I do?

I'm heading the wrong way home, knowing alone is
alone
It's just too difficult to be just me instead of we

What did I do? Alone and confused
What can I say? Nothing

I don't know where to begin since you left me for him
I don't know where to begin and you left me for him
I don't want to start again, and I can't be your friend
I don't know where to begin since you left me for him
