The drugs begin to peak, a smile of joy arrives in me  
But sedation changes to panic and nausea  
And breath starts to shorten, and heartbeats pound  
softer

You won't try to save me  
You just want to hurt me  
And leave me desperate

You taught my heart a sense I never knew I had  
I can't forget the times that I was  
Lost and depressed from the awful truth  
How do you do it? You're my heroine

You won't leave me alone  
Chisel my heart out of stone  
I give in every time

You taught my heart a sense I never knew I had  
I can't forget the times that I was  
Lost and depressed from the awful truth  
How do you do it? You're my heroine

I bet you laugh  
At the thought of me thinking for myself  
I bet you believe  
That I'm better off with you than someone else

Your face arrives again, all hope I had becomes surreal  
But under your covers, more torture than pleasure  
And just past your lips there's more anger than  
laughter  
Not now or forever will I ever change you  
I know that to go on, I'll break you, my habit

You taught my heart a sense I never knew I had  
I can't forget the times that I was  
Lost and depressed from the awful truth  
How do you do it? You're my heroine

I will save myself
