(Verse 1)

The saddest tone
Was a voice I heard from a silent film you wrote
Loud and clear
Was a muted song only two people could hear
So I'll go
Living through these days acting like I've seen a ghost,
a ghost

(Verse 2)

This place is mocking my passive demise
These walls were safely hiding your lies
Their secret languages everyone speaks
So free except for me

(Chorus)

Can I save you?
Will it make me feel like I'm in heaven?
And stay true to me
Will it make you feel the same way I do?
And still feel sorrow
But hate you just the same, hate you just the same

(Verse 3)

Tough ruthless days of just playing along
I guess you don't feel guilty at all
You've lost your touch with what's right
And you're wrong with me but I can't see

(Chorus)

Can I save you?
Will it make me feel like I'm in heaven?
And stay true to me
Will it make you feel the same way I do?
And still feel sorrow
But hate you just the same, hate you just the same way

(Verse 4)

You must hate me (You must hate me)
Sick insecurities take over hope
In the name of deceit
So just put me (just put me) out of my misery

With those hands that I won't trust again

(Verse 5)

I will confess

That in time I gave up planning my revenge

Fate worse than death

When it makes you forgive and just pretend

(Chorus)

Can I save you?

Will it make me feel like I'm in heaven?

And stay true to me

Will it make you feel the same way I do?

And still feel sorrow

But hate you just the same, hate you just the same

Hate you just the same
