The bright light beams
From her eyes
Like broken glass
Or a broken heart
Who would have guessed
You'd leave me here
Beneath my eyes
I feel the tears
I hold back

I won't leave
Leave this way again
I won't leave this way

As my legs
They start to shake
I feel nothing
I wanted you
I needed you
But you weren't there
For me this time
Not for me

I won't leave
Leave this way again
I won't leave this way

You
That I loved
That I needed
You weren't there
Not this time
You

What can I do?
I was supposed to love you
What can I do?
I won't leave
What can I do?
I was supposed to love you
I cannot feel

Last breath I feel
Warm air intake
The last summer's day
Last one I take

I won't leave this way
Lost it all for you
When the shadows beam
Misery remains
I won't leave this time
