You left me, now you come back to me  
Saying it's changed  
And we're not the same  
People we once were  
And you beg to be back with me  
I can't see anything but you  
Every night I see you there  
Every day I hate you  
And everything we once were  
You keep saying it's changed  
And we're not the same

And you beg to be back with me now  
I can't see anything  
I won't forget  
Everything that you put us through  
Every night I see you there  
Every day I hate you  
Crying can't carry you back to me
