First time we met
Face became etched
In my mind

You were the sun
I was the one
Who worshiped you
My hands were your guns
Your eyes were my MUSE!

And I knew you could never love me
I had so much sorrow inside
You could never reach
But can I still keep
A place in your heart

You broke my heart
You promised me the moon and stars
I fell for your dreams
I fell for your lies
There was no other way
You know I tried

And I knew you could never love me
I had so much sorrow inside
You could never reach
But can I still keep
A place in your heart

There is something
I want you to know
I think you know exactly what it is
(I didn't want to save you (2x))
I set our house on fire
To watch it burn
But I couldn't just leave you

And I knew you could never love me
I had so much sorrow inside
You could never reach
But I'll ask you this

Will you still miss me
Yes I miss you
Do you love me
Yes I love you

Planes fill the sky
(We'll both die tonight (2x))
Hands from the sky
Swat us away like flies
As we follow the light

Planes fill the sky
(We'll both die tonight (2x))
Hands from the sky
Swat us away like flies
As we follow the light

(We'll both die tonight (2x))
Swat us away like flies
We'll both die tonight
As we follow the light
As we follow the light)

(Quiet)
This union, a battle fought and lost
This union was not about the cause
This union was never about love
