"Naked Without You"

What have I done I broke your heart
Now there's no sun just cold and dark
Without your smile I can't laugh
Without you baby I'm just a half

I didn't know just what I had
I didn't know I'd feel this bad
But I feel

Naked without you
I feel naked without you
I feel naked without you

What have I done I broke a vow
Now I'm the one who's crying now
Without your touch I can't feel
Without forgiveness I can't heal

Nobody else can take your place
And if I don't see your angel face
I feel

Naked without you
I'm still cray about you
I feel naked without you

I hurt the one who really loved me
Don't look at me
I feel ugly
I'm naked without you...ohhhhhhhh
I'm so tired but I can't sleep
I threw away a love so deep...

I'm naked without you...repeat
