"My Consciousness"

My goal is to become like you
As far as Iâ€™m concerned
I am not such a perfect man
But I wanna try to live again

Iâ€™m walking alone through my hope
Without any help from them
Iâ€™m going to discover a new life
But I donâ€™t know when it will start

To go onâ€¦ to go onâ€¦ to go on
Until it shines inside of my mind
My consciousness

There is confusion in my head
Iâ€™m trying to communicate
Friendship and love donâ€™t make sense
Maybe I need something else

To go onâ€¦ to go onâ€¦ to go on
Until it shines inside of my mind
My consciousness
