Over
(Talking)
You know girl
No other words can express the way I feel for you
(Over and over)
So sit back and listen to the words we sing

Staring at your picture
And now I realize just what I have
I know I've found a miracle in you
Just dreaming 'bout the next time that I can see your
face in front of me

I never really knew where love was
Until you touched my heart
And ever since the day we met you gave me a brand
new start (start)
You're everything I hoped you'd be
Yet a change is a surprise
You've opened up my eyes

Chorus:
Let me love you
Over and over
Forever until the end of time
(Till the end of time)
Let me always be the one that you turn to when lif
