Cry cry cry  
Cry like a baby  
"c" moon "c" moon  
So where do you go, up hi under low  
The devil I know said, something is missing  
Outside it's hot, the first of july  
And a look in your eye said, something is missing

Midnight, she cried like a baby  
"c" moon "c" moon "c" moon  
Cry like a baby  
Can this be something we can't understand  
Could it be the girl can't understand

Where will we go, up hi under low  
When the devil I know say, something is missing  
Sweet angels sing, about the fast place of things  
But our children sing, love will conquer anything

Midnight she cried like a baby  
"c" moon "c" moon "c" moon  
Cry like a baby  
Could it be we can't understand  
Can it be we can...

Cry, cry, cry, cry like a baby  
Midnight cry like a whisper  
Scream like a baby  
Could this be something we can't understand  
Cry like a baby
