Next thing

Thank you for the voice, the eyes and the memories
shine

Thank you for the pictures of living in the beautiful
black and the white

Some say, we'll be together for very long time

Some say that our first impressions never will lie

I open up to take a look into the bright and shiny book
Into the open scheme of things, book of brilliant things
Book of brilliant things

I open up to take a look into the bright and shiny book
Into the open scheme of things, book of brilliant things
Oh, book of brilliant things

I thank you for the shadows
It takes two or three to make company
I thank you for the lightning that shoots up and
sparkles in the rain

Some say this could be the great divide
Some day, some of them say that our hearts will beat
Like the wheels of the fast train, all around the world

I open up to take a look into the bright and shiny book
Into the open scheme of things, book of brilliant things
Book of brilliant things

I open up to take a look into the bright and shiny book
Into the open scheme of things, book of brilliant things
Book of brilliant things

I open up to take a look into the bright and shiny book
Book of brilliant things, oh, book of brilliant things

Some say, we can be together for a very long time
Some say our hearts will beat like the wheels of a fast
train
All around the world, all around the world, all around
the world

Some say, our hearts beat like the wheels of a fast train
All around the world, all around, all around the world

Our hearts beat like the wheels of a fast train, a very
long time

All around and all around and all around and all
around the world

Some say, we'll be together, some say
A very long time, some of them will say
[Incomprehensible]
