Cry, cry, cry
Well cry like a baby
"C" moon, "C" moon

So where do you go?
Up high, under low
The devil I know said
"Something is missing"

Outside it's hot, the first of July
And the look in your eye said
"Something is missing"

Midnight she cried like a baby
"C" moon, "C" moon, "C" moon
Cried like a baby

Can this be something
We can't understand?
Could it be the girl
Can't understand?

Where will we go?
Up high, under low
The devil I know said
"Something is missing"

Sweet little angels sing
'Bout the fast pace of things
But earth children sing
"Love will conquer anything"

Midnight she cried like a baby
"C" moon, "C" moon, "C" moon
Cried like a baby

Could it be
We can't understand?
Can it be that we can't

Cry, cry, cry, cry like a
Midnight, cry like a

Whisper, scream like a baby
Cry, cry like a baby

Could this be
Something we can't understand?
Cry like a baby, cry like a baby
Could this something that we
Can't understand, understand?
