Careful In Career

Take care

I take care

It's a shame

To go away

It's a shame to go away

It's a shame

To die already

Looking at you

Looking in through at me

Pouring X years of life

Pouring in ecstasy

Performance or ecstasy

I'm looking at you

Looking in through at me

I've come so far already

I've come so far already

So far

I've come so far

Careful In Career

Take care

I take care

I see the lodgers

They are walking

Hands over my eyes

I see you yawning

Shambling

Drugged up by the heat and so

Looking at you

Looking in through at me

Pouring X years of life

Pouring in ecstasy

In performance or in ecstasy

I'm looking at you

Looking in through at me

I've come so far already

I've come so far already

It's a shame

Looking at you

Looking in through at me  
All in ecstasy  
I've come so far already  
All in ecstasy  
I've come so far already  
All in ecstasy  
I've come so far already  
I've come so far  
I've come so far  
It's a shame  
It's a shame  
Looking at you  
Looking in through at me
