And now the sound of time is passing fast, it's getting late

Don't know if I can take much more

The way you talk I often wondered

If I heard the words somewhere, someplace before

I got so nervous when I called and found that lately

You had gone and changed your name

But I've got something on my mind

I want you here, I want you now, you'd better explain

Is this true, you're running around

Now is this true, they're calling you the Chelsea girl?

Oh, is this true you're running around

Now is it true they're calling you the Chelsea girl?

Your best friend never calls you up, but you don't mind

'Cause lately things are all the same

Ain't it strange how people always seem to know your face

But just don't know your name?

Well, I don't care, there's no one there

That even turn around and say, get out of this place

Last night I saw a shooting star

When morning comes, she hides away, a real disgrace

Is it true, you're running around

Now is it true, they're calling you the Chelsea girl?

Oh, is it true, you're running around

Now is it true, they're calling you the Chelsea girl?

Is it true, you're running around

Now is it true, they're calling you the Chelsea girl?

Oh, is it true, you're running around

Now is it true, they're calling you the Chelsea girl?

Is it true, you're running around

Now is it true, they're calling you the Chelsea girl?

Oh, is it true, you're running around

Now is it true, they're calling you the Chelsea girl?

Is it true, you're running around  
Now is it true, they're calling you the Chelsea girl?  
(Oh, Chelsea girl, you got me caught up in a whirl)  
I want you here now, Chelsea girl)

Is it true, you're running around  
Now is it true, they're calling you the Chelsea girl?  
(You got me caught up in a whirl)  
I want you here now, Chelsea girl)

Is it true, you're running around  
Now is it true, they're calling you the Chelsea girl?  
(You got me caught up in a whirl)  
I want you here now, Chelsea girl)

Is it true, you're running around  
Now is it true, they're calling you the Chelsea girl?  
(You got me caught up in a whirl)  
I want you here now, Chelsea girl)
