Citizen

A cure to kill the east  
A disease of the west  
Romance is no escape  
But I'll escape you  
The manufacturing sound  
Complaining to ourselves  
You're cutting up our friends  
Making love to our sisters  
Another endless day  
Another daze  
But I'm losing track  
The train goes off the rails  
Dance of the youth  
Youth want to dance

Citizen

The tribal war begins  
But radio's a god  
Industrial money  
God is industry  
Dance of youth  
Citizen you know what we're after  
Know what we're after  
Know what we're after

Citizen

The state that we've come to love  
Love's a crime against the state  
I hate the sound of bells  
Communications lost  
Something we're after  
I hate democracy  
One more contact lost  
Love  
A crime against the state  
The state we've come to love

Oh electric candle light  
What time is it over there  
We got to wear a badge  
We're losing track of days

Dance of the youth  
Youth want to dance

Citizen  
I'll share a room with you  
You're getting so very thin  
Did we ask for this  
Are you rationing our water  
Dance of the youth  
Our food is getting cold  
And you're getting colder  
I see you  
I'm not so unaware  
Citizen

Citizen  
An american  
Got got a camera  
Takes a picture  
Citizen  
Drum  
Citizen  
Drum  
Citizen  
Drum  
To drum to drum
