Talking by the pool of light, language from America  
She puts on the film of him, king is white and in the crowd

They are not a melting pot, say no, say no tapestry  
She puts on the film of him, king is white and in the crowd

She takes his hand and she says you'll stay  
She's lost in the crowd, king  
Wire them up, fire them up, the life and times, the art and talk  
Wire them up, fire them up, the life and times, the art and talk

Lovers run camp Africa, the bars in town are civilized  
She puts on the film of him, king is white and in the crowd  
Panorama, Citylife, youth's dance proud from the waist down  
She puts on the film of him, king is white and in the crowd

She takes his hand and she says you'll stay  
She's lost in the crowd, king  
Wire them up, fire them up, the life and times, the art and talk  
Wire them up, fire them up, the life and times, the art and talk

Shot from where the action is, a rhapsody in black and blue  
She puts on the film of him, king is white and in the crowd  
Love lies under western eyes, powerful yet transient  
She puts on the film of him, king is white and in the crowd

She takes his hand and she says you'll stay  
She's lost in the crowd, king  
Wire them up, fire them up, the life and times, the art and talk  
Wire them up, fire them up, the life and times, the art

and talk

[Incomprehensible]

Lost in love, lost in love

[Incomprehensible]

The life and times, the art and talk

[Incomprehensible]
