Wanna know where you live  
Wanna know who you are  
Want to see what you see  
Wanna go where you are

Wanna touch what you touch  
Wanna be where you are  
I wanna know what city this is  
Seems like I'm moving so far

Riot town, right noise  
A lightning streak  
Fate rides up and moves us on  
Mother don't weep

Wanna see what you see  
I wanna touch, let me play  
I want to try every poison in sight  
I want to lie where you lay

Let me see, let me see  
Wanna know what you know  
I wanna learn what's imprisoning me  
I wanna know, let it go

Riot time, right noise  
Violent times speak  
Bottled up like a fake damn nation  
Lightning speed

Crackdown back doors  
Meltdown shoes  
Bare back rider is a rank outsider  
An automatic cruise

I wanna touch what you touch  
I long to be where you are  
I'll always know, you'll let me know  
All this gets too far

Let me touch, let me touch  
Let me feel what you feel

I want to know how certain this is  
I wanna know this is real

Riot town, right noise  
Lightning streak  
Fate rides up and moves us on  
Mother don't weep

Crackdown back door  
Violent times speak  
Fate rides up and moves us on  
Lightning streak

Lightning streak  
[Incomprehensible]  
Lightning streak  
Lightning streak
