## "Naked Eye"

You can come inside  
Come into the naked eye

Only world falls in again  
I see your face fall in again  
It's so dark, I don't know your name  
It's so dark and I don't know your name

Only mirrors lie, only mirrors lie now  
Only mirrors lie, only mirrors lie now  
Through the needle's eye, through the needle's eye  
now  
Only mirrors lie, lie, lie

You can come inside  
Come into the naked eye  
You can come inside  
Come into the naked eye

You can come inside  
Come into the naked eye  
Naked, naked

I feel high, I feel so high, going up on the wall  
And you're down below me  
Look all around, look all around now  
Look all around, look all around now

Only mirrors lie, only mirrors lie now  
Only mirrors lie, only mirrors lie now  
Through the needle's eye, through the needle's eye  
now  
Only mirrors lie, lie, lie

You can come inside  
Come into the naked eye  
You can come inside  
Come into the naked eye

You can come inside  
Come into the naked eye  
Naked, naked, naked, naked

Just wanted a special view  
Just, just me and you  
Just, just, just the two of us  
Just two of us

Going up on the wall  
Up on the wall  
Going up on the wall  
Up on the wall  
Naked eye, naked eye

What do you see and what's there to learn  
Reading your books, third diagram  
Someone's in the room down below  
Someone, someone, someone below

Insects, cherries  
To the cherries on the wall  
[Incomprehensible]
