I called you last night  
But I got no reply  
There's something not right  
By the look in your eye

Makes me laugh to walk the path  
So many pass this way  
It's so unreal, I can't help but feel  
I gotta wake you from this daze

Into a world of your own  
You've got to leave me alone  
Sweet mother calling up now  
Don't want to speak to no fool

She say I got to look out  
For I've got to find the jewels  
I have some precious moments  
Into the night I stare  
To dream of something special  
Ooh, another sad affair

When all your trust turns to dust  
And you're lost for words to say

You've got so much more to see before  
You turn to walk away  
Into a world of your own  
You've got to leave me alone

Ooh, another sad affair  
Another sad affair  
Ooh, another sad affair  
Another sad affair

Ooh, another sad affair  
Another sad affair  
Ooh, another sad affair  
Another sad affair

It makes me laugh to walk this path  
So many pass this way

It's so unreal, I can't help but feel  
I gotta wake you from this daze  
Into a world of your own  
You've got to leave me alone, alone
