Tell me why?  
Do you know what we're looking for?  
Any truth in the rumors I ignore?  
Tell me why I still deny?

Anytime secrets, in any sound  
I can keep my feet up on the ground  
In the air, reeling everywhere  
There's something new and I must say

It makes me feel so super real  
Look and you'll find  
We are drifting through space and time

Stranger, beautiful stranger  
Come tell me if you are the silent star, explain  
Stranger, beautiful stranger  
I wonder if you are the silent star, explain

Tell me why?  
Do you know what we're looking for?  
Any truth in the rumor I ignore?  
Then tell me why I still deny?

Summertime, winter moonlight and the sun  
I get the feeling this has just begun  
And still it feels so super real  
Look and you'll find  
We are moving through space and time

Stranger, beautiful stranger  
Come tell me if you are the silent star, explain  
Stranger, beautiful stranger  
I wonder if you are the silent star, explain

Beautiful stranger  
Beautiful stranger  
Tell me who you are  
Tell me who you are

Beautiful stranger  
Beautiful stranger
