What you gonna do about it?
How you gonna live without it?
Some of us are gettin' proud
And I don't know if that's allowed

People just can't forget it
This time
Some of us are gettin' strong
This time
Never want to wait too long
This time
And now I'm gonna get away
I know what I want and I say what I say
Never want to live without it, this time

And when the feelings show, I need the time to know
If I'm goin' to get it right when the feelings show
I need the faith to know
Well I don't know if I've got the message right

People can't get by without it
This time
Love is gonna get requited
This time
Some of us are gettin' strong
And I don't know if that's so wrong
Never want to wait to get it
This time

And when the feelings show, tell me do you know?
If I'm gonna get it right
When the lights go low, tell me do you know?
Oh, I need to know if I'm gonna get it right

People go to war to get it
This time
The devil called, better forget it
This time
Never gonna say that's wrong
'Cos all I know, I can't be wrong
Never go to bed without it
This time

This time, this time
Livin' in a street ain't easy
This time
Never gonna get it easy
This time
This time
This time

You know
It ain't easy, it ain't easy
Ooh this time, ooh this time
Ooh this time
This time, this time
Ooh this time
This time, this time
This time
