One more game, before you go
We'll stay up late, for one more show
Grab the keys, we're going out
We're leaving home

And we won't come back again
We're friends 'til the end
We'll take on the world
We just don't care at all

I never wanted to believe
That you could lie, that friends deceive
But here I stand, I'm still the same
I've watched you change, you won't come back

I wonder what it's like to be like you
(I wonder what it's like to be like you)
To never even care how bad it hurts
(To never even care how bad it hurts)

So go ahead and lie and keep moving on
And it's all about yourself and you're never wrong
I'll watch you crash and burn

The day is gone, it's cold out
I walk alone as you fade out
I don't know why I'm reaching out

And now I know you won't come back

I wonder what it's like to be like you
(I wonder what it's like to be like you)
To never even care how bad it hurts
(To never even care how bad it hurts)

So go ahead and lie and keep moving on
And it's all about yourself and you're never wrong
I'll watch you crash and burn

Do you remember the days
Way back when we used to say
Nothing can change us, no one will stop us

I'll never be like you

I'll watch you crash and burn
(You're never wrong and you keep moving on)
I'll watch you crash and burn
(You're never wrong and you keep moving on)

I'll watch you crash and burn
(You're never wrong and you keep moving on)
I'll watch you crash and burn
(You're never wrong and you keep moving on)
