Last night  
I just wanted to have fun  
To go out with my friends  
I took my dad's car  
I never thought he would find out  
But I crashed in a wall, man I'm dead

I guess it's no use  
I'm screwing up  
Every little thing I ever try to do  
I was born to lose  
yeah yeah yeah yeah

God must hate me  
He cursed me for eternity  
God must hate me  
Maybe you should pray for me  
I'm breaking down  
And you can't save me  
I'm stuck in hell  
And I wanna go home  
I wanna go home

Last night  
I had to study for this test  
I forgot man I'm dead  
And now my brain is bursting  
Out of, of my head  
I can't think i cant breath once again

I guess it's no use  
I'm screwing up  
Every little thing I ever try to do  
I was born to lose  
yeah yeah yeah yeah

God must hate me  
He cursed me for eternity  
God must hate me  
Maybe you should pray for me  
I'm breaking down

And you can't save me  
I'm stuck in hell  
And I wanna go home

So what in the world  
Am I supposed to do  
I never did anything to you  
So can't you find something else to do

God must hate me  
He cursed me for eternity  
God must hate me  
Maybe you should pray for me  
I'm breaking down  
And you can't save me  
I'm stuck in hell  
And I wanna to go home

God must hate me  
I wanna to go home  
God must hate me  
I wanna to go home  
God must hate me  
I wanna to go home  
God must hate me  
I wanna to go home

You can't save me  
God must hate me now
