Once again i'm falling to my knees
(I try to escape cause i just can't take it)
Now this feeling is spreading like a disease
(I fake another day and the wheel keeps turning)
This place is so pathetic
Doesn't anybody get it
Is there anybody home?
Is there anybody home?
There's nothing left.
We're just a shadow of what we used to be

[chorus]

In the night there's a fire in my eyes
And this paradise has become a place we've come to
cry.
When i open your letter the words makes it better it
takes it all away whoaoh it keeps me holding
On whoaoh it keeps me holding on

Here we are pretending we're ok
(you can say what you want but you still can't fool me)
The life we're living
It's all masquerade
(i try to smile but i can't remember how)
So how did we get so jaded
Is it so complicated
To not give up to me?

[chorus]

In the night there's a fire in my eyes

And this paradise has become a place we've come to
cry.
When i open your letter the words makes it better it
takes it all away whoaoh it keeps me holding
On

[bridge]

Whenever i need you
Whenever i run to
I know where to find you
It keeps me holding on

Whenever i need you
Whenever i run to
I know where to find you
On
You keep me holding on
You keep me holding on whoaoh

[chorus]
In the night there's a fire in my eyes
And this paradise has become a place we've come to
cry.
When i open your letter the words makes it better it
takes it all away whoaoh it keeps me holding
On

[bridge]
Whenever i need you
Whenever i run to
I know where to find you
It keeps me holding on
Whenever i need you
Whenever i run to
I know where to find you
It keeps me holding on
