Now you're gone I wonder why
You left me here I think about it
On and on and on and on and on again
I know you never coming back
I hope that you can hear me
Im waiting to hear from you

Until I do you're gone away
Im left alone
A part of me is gone and im not
Movin on so wait for me
I know the day will come

++Chorus++
I'll meet you there
No matter where live takes me to
I'll meet you there
And even if I need you here
I'll meet you there

I wish I could of told you
The things I kept inside
But now I guess its just too late
So many things remind me of you
I hope that you can hear me
I miss you
This is good bye
One last time

You're gone away
Im left alone
A part of me is gone and im not
Movin on so wait for me
I know the day will come

++Chorus 2x++

And where I go you'll be there with me
Forever you'll be right here with me

++Chorus++
