hey kaleb
look at me
stop now and talk to me
do you like me as much as you say?
and do you think
I'm wastin my time always talking to you?
'cuz it hurts when you flirt with other girls
and now i try hard to keep you
i just want to make you.....mine
am i ever gonna be good enough fo you?
you cant pretend like you dont care
and you need to love me
'cuz we're together now
and i want to last forever
im sorry i cant be
just friends
am i just to late
or do have a chance
im sorry i cant be
just friends
i try not to think
about the pain i feel inside
do you that you're my everything?
and now i try hard to please you
i just wanna make you.....glad
am i ever gonna be good enough for you
dont pretend that you dont care
and you need to love me
'cuz we're together now
and i want to last forever
im sorry
i cant be
just friends
is it just to late
or do i have a chance
im sorry i cant be
just friends
nothing's gonna change the way that i feel
and you know that im gonna love you still
please dont turn your back
i cant believe its hard just to talk to you
but you dont understand

cause were together now
and i wanna last forever
im sorry i cant be just friends
am i just to late
or do i have a chance
im sorry i cant be just friends
(^3 times^)
