

Simple Plan "No Love"

Staring out into the world across the street
You hate the way your life turned out to be
He's pulling up in the driveway and you don't make a
sound
'Cause you always learned to hold the things you
wanna say
You're always gonna be afraid

There's only hate, there's only tears
There's only pain, there is no love here
So what will you do?

There's only lies, there's only fears
There's only pain, there is no love here

Broken down like a mirror smashed to pieces
You learned the hard way to shut your mouth and smile
If these walls could talk they would have so much to
say
'Cause every time you fight the scars are gonna heal
But they're never gonna go away

There's only hate, there's only tears
There's only pain, there is no love here
So what will you do?

There's only lies, there's only fears
There's only pain, there is no love here
So what will you do?

You're falling, you're screaming
You're stuck in the same old nightmare
He's lying, you're crying, there's nothing left to salvage
Kick the door 'cause this is over, get me out of here
Kick the door

There's only hate, there's only tears
There's only pain, there is no love here
So what will you do?

There's only lies, there's only fears
There's only pain, there is no love here

Tell me what will you do?

There's only hate, there's only tears
There's only pain, there is no love here
