Her lockers down the hall
I've counted 17 from mine

Does he see me
Does he even know that I'm close by

Were in the hallway
Always at half past 9

Would he ever get
To know me would he take the time

Just need to find a way
To break the ice and I'll be fine

I to initiate
To set the tone
To catch his eye

I asked my buddy
Hes got a simple plan to try

I'll ask his friend I know
And maybe get him on my side

Chorus: Simple Song and simple plan
I'll walk up and grab her hands
You dont have to say a word
Cause if I did I'd pierce my nerve
You like her and she likes me
We make each others lives complete
If this is so simple why are we so scared to meet

Dressed in that hoody
She looks so cute that I could die

Was it worth it
I picked these clothes with him in mind

I wanna tell her so
But I'd stop breathing I'm too shy

I wish he'd talk to me
I'd talk to him but be denied

Chorus: Simple Song and simple plan
I'll walk up and grab her hands
You dont have to say a word
Cause if I did I'd pierce my nerve
You like her and she likes me
We make each others lives complete
If this is so simple why are we so scared to meet

Please tell your friend that I'm in love with him
I'll tell him your in love with him

And if he laughs just tell him your joking
If he laugh I'll tell him I'm joking and then

Just let him kow I'll cry myself to sleep
Alone again

Chorus: Simple Song and simple plan
I'll walk up and grab her hands
You dont have to say a word
Cause if I did I'd pierce my nerve
You like her and she likes me
We make each others lives complete
If this is so simple why are we so scared to
We're both retarded for each other
Why is this hard we're spending time in staring While
we should be in each others arms
