Simple Plan
"You S*** At Love"

We started off incredible
Connection undeniable
I swear I thought you were the one forever
But your love was like a loaded gun
You shut me down like everyone
'Cause everyone's replaceable
And you're just always capable of getting back at me

Guess what, another game over
I got burned, but you're the real loser
I don't know why I've wasted my time with you
You're bad news, we're history repeating
You can't trust the serial cheating
You're good at hooking up, but you suck at love

You played my like an amateur
Then stabbed me like a murderer
I'm left for dead, another one of your victims
It's not like you're unpredictable
But your act is so believable
I know it's nothing personal, it's just that this is usual
You're doing what you do

Guess what, another game over
I got burned, but you're the real loser
I don't know why I've wasted my time with you
You're bad news, we're history repeating
You can't trust the serial cheating

You're good at hooking up, but you suck at love
You suck at love

Now I kinda feel bad for you
You're never gonna know what it's like
To have someone to touch you
Another day, another bed
It's just a game inside your head

Guess what, another game over
I got burned, but you're the real loser
I don't know why I've wasted my time with you
You're bad news, we're history repeating

You can't trust the serial cheating
You're good at hooking up, but you suck at love

Guess what, another game over
I got burned, but you're the real loser
I don't know why I've wasted my time with you
You're bad news, we're history repeating
You can't trust the serial cheating
You're good at hooking up
You've messed this whole thing up
Well you were such an awesome fuck
But you suck at love, you suck at love
