Now I am a broken man

(I)

Now I am a broken man

(Now)

Now I am a broken man

(I am, I am)

(I am, I am)

It's no good bein' here with me

I'm a little scared of the things you see

It's no good having friends at all

They do me no good, they don't do me no good at all

Oh ho, it's no good living in the past

It's no good at all, you know it don't last

It's no good making a change

There's nothin' to change, I don't want to rearrange

But what I wanna do is spend some time with you

But I know I can't because all you want is you

(I know I can't)

So now I am a broken man

Now I am a broken man

(I)

Now I am a broken man

I am a broken man

(I)

I saw my shadow on the wall

(Shadow)

It looked at me then left me

I'm hopin' somebody will call

(Ohh, somebody will call)

But I hope they don't come and get me at all

'Cause what I wanna do is spend some time with you

But I know I can't because all you want is you

(I know I can't)

So now I am a broken man

(I)

Now I am a broken man
(Now, I)
Now I am a broken man
I am a broken man
(I)

(I am, I am)
(I am, I am)
(I am, I am)
(I am, I am)
Now I am a broken man
(Now)
Now I am a broken man

So now I am a broken man
(I)
Now I am a broken man
(Now)
Now I am a broken man
(Now, now)
Now I am a broken man
I am a broken man
(I)
